Min border thickness	flat
Material Width	18 inches (457 mm)
SPI	0.5
Yield	62 +/- feet/minute (18.89 m +/- per minute)
Needle type	135X17
Needle size	22
Voltage	220 (alternative voltages available)
Current (amps)	10
Air pressure (psi)	80
Air consumption (cfm)	1/2
Weight	1220 lbs (553 kg)
Shipping dimensions	124 X 57 X 75" (315 X 145 X 190 cm)

FPT-1000 automatically sews faux tape seams to borders to simulate pillowtop beds with a single piece of border, with or without binding. This versatile machine is also useful for joining a variety of roll-fed materials and binding fabric handles.

- Automatically sews faux tape seams to borders.
- Tape line adjustable from 2 in-8 in (50 mm-202 mm).
- Adjustable folder for quick faux border height changes.
- Automatic thread-break, tape, and material runout detection.
- High-speed, durable, high-performance chainstitch sewing head.
- Includes powered unwinder and rewinder.
- Close-coupled puller keeps seams flat and smooth.

Global Systems Group® (GSG) is a collection of the world's leading mattress machinery companies. These GSG machinery companies represent leading-edge technology in computerized quilting machines and panel cutters, automated and conventional sewing machines, material handling solutions, and mattress-packaging equipment.
