

Semi-Automatic Tape Edge Machine

Mattress Master Elite

Semi-Automatic Tape Edge

This semi-automatic tape edge from Gateway® Systems is the most advanced, ergonomic, high-speed tape edge system in the world – making the hardest job in your factory much easier.

The Mattress Master Series has several new features that allow the operator to speed up production and tape the broadest product range possible.

A belted table and rotating arm turner move the mattress to minimize operator labor. This is the most ergonomic operator-seating position possible with new, patented bale arm drive and streamlined sewing head pedestal.
