

PCS

Standard Panel Cutter

High-speed mattress cutter from Gribetz International is engineered for thick and thin quilt packages.

SPECIFICATIONS	PCS
Available cutting widths	90"/229 cm
	110"/279 cm
	136"/345 cm
Max length	90"/228.6 cm
Max cutting thickness	3"/76 mm
Voltage	Any 3 phase voltage - includes multi-tap transformer
Current (amps)	10, 15, or 20 depending on voltage
Air pressure	90 psi/6.2 bar
Air consumption	3 CFM
CE approved	Yes
Weight	2,400 lbs/1,089 kg
Height (90" model)	96"/244 cm
Width (90" model)	142"/361 cm
Length (90" model)	85"/216 cm
Repeatability	+/- 1/4"/6.4 mm

The Gribetz PCS is one of the more durable machines in the mattress industry. This panel cutter cuts through mattress panels quickly and consistently.

- Manually adjustable trim blades.
- Selector control for four photo eyes easily adjusts length for twin, full, queen, and king panel sizes.
- High-speed capability – accepts quilting machine feed rate of 2 1/2 yards (2.74 m) per minute.
- Simple microprocessor control system.
- Electronically controlled accumulator system.
- Optional windup attachment available.
- Meets all OSHA and CE safety directives.
- High-speed, high-torque electric motors.

Global Systems Group® (GSG) is a collection of the world's leading mattress machinery companies. These GSG machinery companies represent leading-edge technology in computerized quilting machines and panel cutters, automated and conventional sewing machines, material handling solutions, and mattress-packaging equipment.
