

RFT-8484-S

Rotate-and-Flip Buildup Table with Sliding Sections

The Porter RFT-8484-S can easily swivel, extend to fit multiple mattress sizes, and flip the unit over with a strong pneumatic lift. It is designed to de-skill tasks, improve productivity, and decrease buildup worker injuries.

SPECIFICATIONS	RFT-8484-S
Voltage	110v
Air Pressure	80 psi (5.52 bar)
Max Mattress Weight	500 lbs. (227 kg)

The innovatively designed RFT-8484-S slides over middle sections to form a complete work surface regardless of the mattress size being produced.

- Clean, smooth, stainless steel work surface
- Tabletop rotates 360 degrees for easy access to all sides
- Strong pneumatic lift flips units up to 500 lbs. (227 kg)
- Innovative slide-out sections expand to accommodate King-size beds
- Flip section can be raised with automatic flip action
- Manual setting provides greater movement control
- Provides greater labor productivity and safer working conditions

Global Systems Group® (GSG) is a collection of the world's leading mattress machinery companies. These GSG machinery companies represent leading-edge technology in computerized quilting machines and panel cutters, automated and conventional sewing machines, material handling solutions, and mattress-packaging equipment.
