

SSB-300U

Heavy-Duty Binder

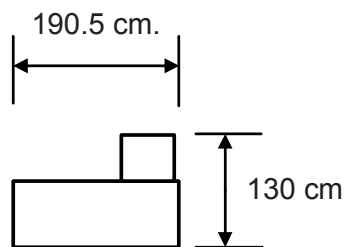

This bucket-building workstation from Porter® International is a versatile binder that's ideal for a variety of bed styles. It's very efficient for joining mattress borders to non-skid decking for single-sided beds.

SPECIFICATIONS	SSB-300U
Stitch type	Single needle chainstitch
Max speed-rpm	2200
Recommended speed-rpm	1800
Needle type	62X59
Needle size	23
Needle height	1/2-5/8" (12.7 -15.8 mm)
Presser foot height	1/2-5/8"(12.7 -15.8 mm)
Aux feed device	Rear puller
Motor type	Servo needle positioner
Max thickness capacity	1" (25.4 mm)
Voltage	220 (alternative voltages available)
Yield	200 +/- foundations / 8 hour shift
Current (amps)	5
Air pressure (psi)	80
Air consumption (cfm)	2
Weight (gross)	830 lbs (376 kg)
Shipping dimensions	73 X 58 X 65" (185 X 147 X 165 cm)

The SSB-300U is a multi-tasking machine that adds tape and flange in the same process. It reduces production steps and improves productivity.

- Reduces your dependency on tape-edge operators.
- Prepares the non-quilted side of no-flip bedding.
- Can be used on flip-bedding construction and zipper mattresses.
- Non-skid panel is flanged and taped to the border in one step.
- Deskills operation.
- Compound walking foot for better control.
- Smart border-feed assist produces high-quality products with consistent material feed.

Global Systems Group® (GSG) is a collection of the world's leading mattress machinery companies. These GSG machinery companies represent leading-edge technology in computerized quilting machines and panel cutters, automated and conventional sewing machines, material handling solutions, and mattress-packaging equipment.
